HOE TE GEBRUIKEN

De volgende pagina's bevatten bouwvoorbeelden om te combineren met Duplo. Op de eerste twee pagina's gaan de voorbeelden tot 6 blokjes en de laatste twee pagina's tot 9 blokjes.

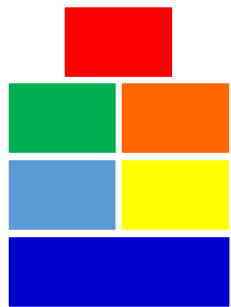

Je hebt in totaal 9 verschillende blokjes nodig.

Suggesties voor het printen en aanbieden:

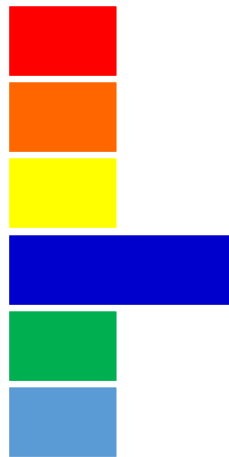

- Bied 9 blokjes aan en mix alle kaarten.
- Of bied alleen het aantal aan dat overeenkomt met de pagina's die je print. Dus print je de kaarten met 7 blokjes, bied dan alleen die 7 blokjes aan.
- Of bied 9 blokjes aan en print van alle aantallen één pagina ipv twee.
